Scott Taylor – APA Founder

Over the years I have worked as a professional wrestler, motorcycle stuntman, musician, retail security director, have owned several gyms in the northeast and southeast coasts and have worked at several Veterans Administration hospitals.

I have also been an engraver, sculpture maker, and owned a few awards companies over the years.

I was a hospital corpsman in the military and was honorably discharged November 1974.

I have been riding motorcycle since 1965 and have owned over 30 motorcycles.

In 1987 the APA was formed and I served as President until I retired in June 2022.

This is the first gym I owned. It was located in Sharon, Vermont right off of exit 2 on I-87 minutes from White River Junction. The APA was founded in this building! The building is still in use to this day. It was an old school house. I also owned a trophy and sculpture manufacturing business in this building. Fond memories. Paul Bossi who owns the 100% Raw Federation used to compete in events I ran in this building when he was a young boy! Ironic that later in life he is in the trophy business and runs a powerlifting organization lol.

Another Gym I owned Grove City Gym (Placida)
Englewood, Florida

Old 1986 pic of me wrestling at a event in Springfield, Vermont. My match was the main event that night. My life changed after that. I was hit head on by a drunk driver who was driving on the wrong side of the road and my career in pro-wrestling came to an end.

1978 gym photo of my training partner and wrestling trainer Rocky Johnson – “The Rock” Duane Johnsons dad!

With Evel Kneivel 1969. Talk about learning from the best of the best! Nobody but nobody will ever replace the talent of Evel! I ended up riding the Wall Of Death for a few years.

One of my favorite of all the rides I have owned.
